Our conception of the word Quality
as applied to

Manila Rope

does not end with the Material—
it BEGINS there. We make

MANILA AND SISAL ROPE
WRECKING CABLE
TRANSMISSION ROPE
DRILLING CABLE
HAMMER LINE
TOWING LINE

We maintain our standards both in
material and manufacture.

SYRACUSE, NEW YORK
Branches in all large cities.

Waltham Watches Take Their Time from the Stars

and for thirty years has been the only watch-factory in the world equipped with its own Observatory, Transit Instrument, Chronograph and Standard Clocks. Standard time, as every one knows, is determined by the transit of fixed stars across the meridian.

WALTHAM

makes its own time reckonings, and sidereal and meantime clocks compared to decimals of a second, electrically transmit time **throughout** their factory. There is no guess work about Waltham. Scientific accuracy is its guiding principle and explains its reputation for accuracy throughout the railroad world.

The highest type of railroad watch is the Vanguard, an 18 size Waltham movement, with 19, 21, 23 jewels, adjusted to temperature, isochronism and five positions. The strength of construction insures accuracy of adjustment and hardest service. The Vanguard always passes inspection. Ask your Jeweler.

"It's Time You Owned a Waltham."

THIS LANTERN APPEALS TO SWITCHMEN

BECAUSE it is light in weight. Short and compact. Has a rigid ball of bent wood, practically indestructible, of ample size to insure firm grip.

Takes No. 39 standard globe as furnished by the railroad companies.

Of the hundreds that we have sold, we have not had a single complaint nor one returned. When you receive the lantern, if not found satisfactory, return it and we will refund your money, less transportation charges

Price, complete,

\$1.50 Each

Same, without globe,
\$1.35 Each

Money to accompany order.

Please use post-office or express money order in making remittance
