Conflict of Interest Resolution. Executive Director Regina Cooper explained that every two years the Board of Trustees has to vote on this document. It prevents each individual Trustee from having to go to the Ethics Commission to fill out a form. Have approved every 2 years. The document has no changes from the last approval. A motion was made by Ms. Morrow to approve it and seconded by Ms. Denniston.

Strategic Plan Progress report: Ms. Cooper provided updates on Deliverables that administration and staff committees have completed so far on goals outlined in the Strategic Plan. Updates were highlighted on each page in the Strategic Plan. She also discussed items underway or completed on the 2022 Strategic Action Plan.
Ms. Waites asked for a discussion later about whether The Library should begin passing along a convenience fee to patrons paying fees/fines with a credit card on the Square to offset the cost of using Square. She said more businesses are adding such a fee to charges. She suggested staff conduct an analysis of that idea and submit a report on their findings to the Trustees in three months. Finance Director Mel Davis noted that 50% of terminal (Square) usage is passport fees, and convenience fees are not allowed on passport transactions. Ms. Waites repeated that she would like analysis of whether to provide the Square payment option, to go cash-only or consider limiting the dollar amount permitted to be charged on Square at the branches. Ms. Davis said The Library analyzed the options with the late David Patillo, and Square was preferred.

There was discussion of Strategic Initiative 1, Goal 3: “Determine priorities for reserve fund. Beginning February, ongoing. Lead – Regina Greer Cooper. In progress. Will need more information from the Board.” Ms. Penney said The Library should keep the current reserve fund dollar goal identified by the Board as a priority, and adjust the amount as financial demands change, such as building a new library branch. things change such as needing more money by embarking on building another branch library.

Ms. Denniston asked if there was a timeline for completing the data analytics project to identify demographic and other community/patron identifiers. Associate Director Jim Schmidt said staff is shooting for December/January. Branch managers will work with it after initial training.

Ms. Cooper said the Administrative Staff retreat in September will focus on what our next strategic actions should be, where we are in the timelines, study the Strategic Action Plan and begin looking at the plan’s Measures.
