Henry Nolan, scale foreman at this point, is now in the Frisco hospital at St. Louis, where he recently under- went an operation. Mrs. Nolan said he is getting along nicely.

Mrs. Pester, wife of E. L. Pester, scale foreman, has been sick for the past month with the "flu." The boys went an operation. Glad to report of a new arrival at his house. After the operation was completed, he was taken to the Pump Station, where he is now recovering.

Mr. and Mrs. Charles Hereford, who have been in San Antonio and Dallas, Texas, have returned home. It is reported they are going to make a trip to Vinltia, Okla., recently.

Mr. Lloyd Acuff started a riot here by making repairs on the pump station at Springfield. March 17.

J. E. Howard, water service foreman, has been sick for the past month with the "flu." The boys went an operation. Glad to report of a new arrival at his house. After the operation was completed, he was taken to the Pump Station, where he is now recovering.

Success Becomes an Obligation

Dearborn Chemical Company

299 Broadway, New York

310 S. Michigan Ave., Chicago

Dearborn

Dearborn Chemical

Office in All Principal Cities

The railroad that employs Dearborn Treatment in correcting scaling, foaming, pitting and corrosion in locomotive boiler treatments becomes a booster for Dearborn service. Many a railroad official, a president or superintendent of motive power, a locomotive engineer, has praised Dearborn results to friends on other roads—and often, as a direct result of these good words, our old customers have done much of the work for us in interesting new customers.

Our success becomes an obligation. It is an obligation to our old customers who recommend us. It is an obligation to our new customers and it is an obligation to our own record.

Recently we have installed a great many small inexpensive Dearborn Treatment plants as an aid in perfecting the results obtained with Dearborn Treatment.

We are thankful that the cold and freezing weather did not kill the grape crop in the Ozarks. Hope he is better by this time.

H. C. Bechtley and W. E. Bunch, our inspectors, have left for Joplin to help receive new cars. W. E. George was promoted from third trick to second trick and C. A. Clark will work the third trick this week. Our "official" representative was on third trick, is in the hospital having his tonsils removed.

Mr. W. S. McLean of Frisco News, made a business trip to Atchison, Kansas, and a fishing trip to the Missouri River near Wmsley.
