A PENNSYLVANIA "ALL-BALL" CREW

The "All-Ball" Watch Crew of the "American", the fastest train on the Pennsylvania System running from New York to S. Louis, Mo.

From left to right in the picture they are:

Conductor, W. D. King
Engineer, J. J. Skelly
Fireman, L. H. Crowe
Brakeman, L. B. Harter
Flagman, W. J. Murphy

During the whole of last year Engineer J. J. Skelly was only late once—a remarkable record.

PULLING IN ON TIME is just routine for this Pennsylvania "All-Ball" crew. They have tested Ball Watches through years of the hardest kind of railway service—and like numerous other "All-Ball" crews, have found them the most dependable of time keepers.

It's easy to keep on time because it is easy to own a Ball. Your local watch inspector will tell you all about the exclusive advantages of the Ball "Box Car" dial, the Ball patent stirrup bow and the Ball insurance plan. He will make a liberal trade-in allowance for an old watch and arrange convenient monthly payments.

Start today—carry a Ball and time them all.

BALL

America's first
railroad watch

The WEBB C. BALL WATCH COMPANY
CLEVELAND, OHIO.
