ST. LOUIS TERMINALS

WILLIAM GOYDSETT--REPORTER

We wish to extend our warmest felicitations to the victorious St. Louis Ter-
minals, who captured the coveted and much desired flag of victory in the
recent Portland Union Station extravaganza. The Ter-
minals' flag was flown high and bold above the
rooftops of the station, a sight that brought
cheers and smiles to all who beheld it.

In other news, Mrs. J. M. Fisher, the wife of the late
Mr. J. M. Fisher, passed away on August 9th, after a
long illness. The funeral was held on August 10th,
with interment at the Oakwood Cemetery. The family
was deeply mourned by all who knew them.

Also, the famous Mrs. M. L. Johnson, the storied
blonde of the St. Louis Terminus, is reported to
be in fine health and spirits after her recent
illness.

PASSAGERS TRAFFIC DEPARTMENT--ST. LOUIS, MO.

RAYMOND E. RINCHEL, Reporter

Vacation days are here again. Mrs. J. L. Fisher, the
wife of the noted St. Louis Terminus manager, has
just returned from a delightful trip to the
mountains.

**SCALE REMOVAL**

By circulating a solution of Dearborn Special Formula No. 134, water lines, head water heaters and equipment of any type may be freed from scale in very short periods of time. An average thickness of scale is cleaned off completely in one to three hours. Extra heavy deposits require a longer time proportionately, but no deposit can be too heavy for complete removal as long as the treatment mixed with water can be forced into contact with the surface of the scale. The dissolved and disintegrated scale is drained off and the equipment thoroughly washed. Dearborn Special Formula No. 134 is reliable and completely effective, eliminating danger of acid or the laborious and expensive use of hand tools. By this means the equipment may be returned to service at its original efficiency within a few hours. Try it.

Good tobacco helps on this job

WHEN a man controls the movement of hundreds of trains a day, he has to be on top of detail every minute. W. G. Waite, in charge of the tower outside the Union Depot in Chicago, knows how well a slow-going pipeful of good old Edgeworth helps him to concentrate. Edgeworth lends itself to steady smoking, for it is cool and it never bites—and the flavor stays good.
